

## WHEAT IS MAKING FROM 3 TO 50 BUSHEL

### SECOND HALF SUMMER TERM IS UNDER WAY

Second Six Weeks Brings  
in Number of New Stu-  
dents for Work in  
W. T.

ENDS AUGUST 21

Summer Attendance Will  
Show Increase Over the  
Total During the Past  
Few Years

The second half of the summer  
session of W. T. opened Tuesday.  
Ninety-three new students had  
enrolled this morning, and a num-  
ber more were here ready to en-  
roll today.

No definite check can be made  
on the attendance this quarter un-  
til next week, since the students  
have until Saturday night to pay  
their fees for the second half.

1250 students enrolled for the  
first six weeks, which was a good  
increase in attendance over pre-  
vious years. It was believed that  
a large percent of these students  
would remain for the second per-  
iod. Classes yesterday seemed to  
be almost as full for the opening  
of the second period as they  
were for the first half, although it  
is usual for many to withdraw  
after the first period ends.

### Col. Thompson To End Campaign in an All-Panhandle Rally

A real old-fashioned political  
rally with "all the trimmings" of  
music, ice water and impromptu  
speakers from the crowd is being  
arranged in Amarillo for Thurs-  
day night, July 23, as a home-  
coming celebration for Ernest O.  
Thompson and to let the rest of  
the state know that the Panhan-  
dle is "stronger than ever" for the  
red-headed fighter from the Plains  
who is chairman of the Texas Rail-  
road Commission.

The rally will be outdoors, on the  
lawn of the Municipal Auditorium  
where loud speakers will be set up  
to insure everyone of hearing the  
program.

The program will begin at 7:30  
o'clock, with a concert furnished  
by the 142nd Infantry band, a  
musical organization widely-known  
throughout the state and which  
has asked for permission to par-  
ticipate in the rally as an honor to  
Thompson who recently was made  
a full colonel in the Texas National  
Guard.

"This is not an Amarillo rally,"  
says Bill O'Brien, Panhandle ranch-  
er and banker who is giving his  
time to the active management of

### Two Canyon Boys Are Enlisted In the U. S. Navy

Patrick Harvey McCormick, son  
of John S. McCormick, and Rufus  
Marion Johnson, son of Jim John-  
son, both of Canyon, enlisted in  
the U. S. Army at the Navy Re-  
cruiting station in Dallas and were  
transferred to the Naval Training  
Station at San Diego, Calif., for  
recruit training. After completion  
of training, they will be trans-  
ferred to a ship of the Fleet to  
serve the remaining of their en-  
listment. The U. S. Navy has  
many opportunities to offer young  
men who are mentally, morally  
and physically qualified, and it is  
an honor to be enlisted.

**PRESBYTERIAN CHURCH**  
Rev. Chas. L. Dickey will return  
today from Waxahachie where he  
has been teaching in the young  
people's conference.

Regular services will be held next  
Sunday morning and evening. The  
junior choir will sing Sunday  
night. Harry Taylor of Portales  
will sing at the morning service.

Mr. and Mrs. T. H. Knighton  
and children are on a fishing trip  
to Colorado.

### Cars Entering Palo Duro About Half as Many as Last Year

With the summer rush on and  
people seeking places for picnics,  
the Palo Duro State Park is at-  
tracting only a few more than  
half the crowd of last year. This  
reduction of attendance is due to  
the increase in gate fees.

While a little more money is  
being collected for men holders  
under the advanced rates, it is  
certain that the normal increase  
in attendance this year over that  
of last year would have produced  
more revenues at the old prices  
than is now being taken in. So  
much dissatisfaction prevails that  
few people return to the Park after  
being charged the present rates.

With the reduced attendance,  
and the entrance being moved to  
the west side of the park, very  
little money is being taken in for  
concessions.

No word has been received here  
as to the action the State Parks  
Board will take in regard to the  
huge debt which is against the  
land.

### Alton Donnell Has Started Work in U. S. Military Academy

WEST POINT, N. Y., July 15—  
Alton P. Donnell, son of Mr. and  
Mrs. L. A. Donnell, Canyon, who  
was sworn in as a Cadet at the  
U. S. Military Academy here on  
July 1st, has been assigned to the  
Sixth Company by Major General  
W. D. Connor, Superintendent.  
The total strength of Donnell's  
class is 557.

For the next six weeks Donnell  
and his classmates will receive an  
intensive course of instruction in  
various military subjects including  
both drills and lectures. On July  
30th, the class will be absorbed  
into the Corps of Cadets and will  
participate in the impressive pa-  
rades which are held daily.

During the last week in August,  
the new Cadets will participate in  
a five-day practice march through  
Central Valley, situated southeast  
of West Point. During the march  
they will live in shelter tents and  
eat from rolling kitchens.

The academic year will open  
September 1st. Classroom work  
will start at 8:00 a. m. and will  
extend until 3:00 p. m., with an hour  
intermission for lunch. Drills and  
compulsory intramural athletics  
will take up another hour in the  
afternoon. For the academic work  
the class will be divided into sec-  
tions of from ten to fourteen ca-  
dets, and each man will be required  
to recite in each subject every day.

### Rain of .55 Inch Falls In Canyon Saturday Evening

Rain started falling in Canyon  
at 5 o'clock Saturday afternoon  
and continued until after 9:00  
o'clock. The moisture amounted  
to .55 of an inch.

When the rain started it was  
feared that wind might accompany  
the rain, which would have been  
destructive to the wheat, but for-  
tunately there was no wind.

The west section of the county  
received more rain. Practically no  
moisture fell in the eastern section.  
The rain helped the row crop  
very materially, and seemed to be  
a fine thing for the wheat, as it  
ripened fast following the moisture.

### Tulia Whiskers and Snuff Dippers In- vaded City Tues.

"Tulia Whiskers and Snuff Dip-  
pers" were the names adopted  
by the large delegation which in-  
vaded Canyon Tuesday on their  
trip of advertising the big pioneer  
gathering which will be pulled off  
in Tulia Friday and Saturday.

The annual celebration of the  
founding of the town will be ob-  
served in Centennial fashion. Busi-  
ness men of Tulia have allowed  
their whiskers to grow for the past  
three months, and the women have  
adopted the styles of yesteryears.

**OPEDATED SATURDAY**  
T. V. Slack underwent an ap-  
pendicitis operation in an Ama-  
rillo Sanitarium Saturday after-  
noon, after being placed there for  
observation Friday.

### Historic Marker For Randall Near T-Anchor House

County Named for Gen-  
eral Randall—Highway  
In Charge of Centen-  
nial Markers

Randall county's Centennial  
marker in honor of General Horace  
Randall, erected north of Canyon  
at the T-Anchor Ranch, is fully  
completed. The marker is on the  
east side of the highway, and  
while in a very inconspicuous place  
which is easily passed up by the  
motorists, was given this place  
because of the proximity to the  
first house erected in this section.  
The marker was erected by the  
State Highway Department, work-  
ing with the Centennial Commis-  
sion.

The wording on the marker is:  
"Randall County, founded from  
Young and Bexar territories.  
Created August 21, 1876; organized  
July 27, 1889; named in honor of  
Horace Randall, 1821-64, a dis-  
tinguished Confederate officer, who  
fell in battle at the head of his  
brigade. Canyon is the county  
seat."

The Highway Department has  
erected these historic markers in  
practically all counties in Texas,  
giving a short local history. The  
sites will be beautified, and in  
many instances small road side  
parks will be maintained.

The T-Anchor Ranch headquar-  
ters a short distance from the  
marker was erected in 1876, being  
the oldest house in Randall county.  
The ranch comprised Randall  
county, Deaf Smith county, and  
much of Swisher county.

The Panhandle-Plains Historical  
Society requested markers for sev-  
eral places in the Palo Duro State  
Park, but these requests were not  
granted.

### FORMER CITIZEN DIED AT HEREFORD FRIDAY

Mrs. Clarence Smith, 73, died  
Friday night at Hereford. The  
family formerly lived in Canyon.  
The funeral services were held at  
the Methodist church, Sunday.  
Surviving is the husband and  
two sons, Ralph Smith, director of  
the Hereford band, and W. J.  
Smith.

### WPA Labor Gets Wage Scale Boost Since July First

WPA workers received a boost in  
wage scale starting July 1st, but  
the hours of labor are limited so  
that little more money may be  
earned than under the old scale.

For unskilled labor the new rate  
is 30 cents per hour instead of 22  
cents, with a limit of 106 hours  
per month.

Semi-skilled labor is 50 cents  
per hour, with a limit of 94 hours  
per month.

Skilled labor is \$1 per hour with  
a limit of 61 hours.

The present projects were sub-  
mitted under the old scale, which  
will upset the schedule very great-  
ly. It is believed that WPA will  
re-adjust the schedule in order to  
complete the projects under the  
old hour basis.

### Rotary Club Plans Community Work During Next Year

Club Service was discussed Tues-  
day at the Rotary Club luncheon,  
with W. A. Warren leading the  
discussion.

Joe Humphreys of Olney, who is  
teaching in W. T., told of the  
different work which was being  
undertaken in the Olney club.  
When the tax strike was threat-  
ened six years ago, the club started  
the movement for everyone to be  
good citizens and pay their taxes;  
several crippled children have been  
sent to the hospital for treat-  
ment; a wholesome athletic spirit  
was cultivated; 3 high school boys  
were adopted as members of the  
club in order that they may learn  
of the work of Rotary.

Mr. Warren discussed the pro-  
gram which had been carried on  
in Canyon in the past, and the  
plans for the future.

President Harry Brown told of  
the inspiration he and Dr. S. L.  
Ingham had received from their  
trip to Stamford to attend the dis-  
trict conference.

Visitors present were: Arthur  
Osgood of Amarillo; Dr. William  
Lockhart and Dr. B. P. Fronaber-  
ger of Canyon.

### BRASHER BUYS STATION

Tom Brasher has bought the  
Ball Service Station at the South-  
west corner of the square, and has  
changed the name to Tom's Ser-  
vice Station.

Mr. Brasher has been running  
the K Truck Line for several years.

### W. T. Budget Is Presented Boards By President Hill

Lump Sum on Actual At-  
tendance Is Proposed by  
State Board — Museum  
Kinks Settled

Dr. J. A. Hill and Dean R. P.  
Jarrett returned yesterday from  
Austin where they presented the  
budget of W. T. for the coming  
two years to both the State Board  
of Education and to the Board of  
Control. Both bodies will make  
recommendations to the legisla-  
ture.

The Board of Education will re-  
commend to the legislature that  
the itemized appropriation bill be  
abolished, and that the educational  
institutions be given a lump sum  
based upon the number of students  
enrolled.

Dr. Hill states that the educa-  
tional institutions are agreeable to  
the plan. Only three states in the  
union pass their appropriation bills  
in itemized form. The lump sum  
appropriation has been passed only  
one time in Texas, and the legisla-  
ture was displeased with the re-  
sults.

Dr. Hill states that all difficul-  
ties in connection with the Museum  
addition now seem to be out of  
the way, with the exception of  
minor changes to be made in the  
plans. These changes are being  
made, and the Board of Control  
will then proceed to let a contract  
for the completion of the base-  
ment. Practically all of the work  
by WPA on the excavation can be  
completed next week if trucks are  
put on the job next week.

After the contract is let, the  
money which remains from the  
\$25,000 appropriation, is to be  
spent for display cases.

### LESTER TURNER BABY BURIED HER MONDAY

The infant daughter of Mr. and  
Mrs. Lester Turner of Amarillo was  
buried in Dreamland Cemetery  
Monday afternoon after services  
had been held in Amarillo. The  
baby died at the family home in  
Amarillo Saturday from pneumonia.  
Mr. and Mrs. Turner are former  
residents of Canyon.

### Spike Campaign Lies and Liars Dur- ing Final Days

Last minute campaign lies  
and liars should be immediately  
nailed by the voters. Every  
campaign sees them turn loose  
at the last minute, hoping to  
boost "their candidate" by tel-  
ling lies on the other candidates  
in the race.

Beware of the last minute  
propaganda. It seems like the  
defamers of character have  
been working overtime in this  
campaign, and more may be  
expected from them in the clos-  
ings of the campaign.

Voters should shift the wheat  
from the chaff; the important  
from the unimportant; the real  
from the unreal; the truth from  
the lies; and then vote for those  
candidates which have a record  
worthy of the confidence of the  
people.

"By their records in office ye  
shall know them."

### \$19 Will be Paid by State to Schools During Next Year

Highest Apportionment in  
History Was Set Yes-  
terday by the Board of  
Education

The state board of education  
set an apportionment of \$19 per  
capita state aid to public schools  
for next year, the highest in his-  
tory, at its session in Austin, yes-  
terday.

The board also voted to allow  
\$2,000,000 next year for free text-  
books.

The State Teachers Association  
petitioned for an apportionment  
as great as possible permitted under  
income likely next year from ex-  
isting taxes, contemplating reten-  
tion of a 20-cent ad valorem levy.  
Some had estimated it might be  
\$20.

Representatives of taxpayers  
groups demanded the allotment be  
held to \$17.50, the amount they  
contended was fixed by law.

The apportionment for the past  
school year was \$17.50. With a sur-  
plus in the school fund, however,  
the board recently added \$1 per  
capita to the apportionment.

It has been estimated there will  
be 1,560,000 scholars next year.

### Not Possible Start Sanitary Project at the Present Time

The Randall County Planning  
Board requested WPA last Thurs-  
day to start work on the sanitary  
project, which has been closed  
down for several weeks. A large  
number of farmers are interested  
in the continuation of the project.

Guy C. Holder, district super-  
visor, has advised the Planning  
Board that since all projects in  
the county are undermanned at  
the present time, it is impossible  
to re-open the sanitary project.  
He promises that as soon as the  
present projects release a sufficient  
number of men that he will au-  
thorize the opening of this project.

### Dr. Wm. Lockhart Will Open Office In Canyon Soon

Dr. William Lockhart arrived  
home Friday and will open an  
office for the practice of medicine.  
Dr. Lockhart finished his course  
in the medical college at Galveston  
two years ago. He served for one  
year in a hospital at Cleveland,  
and during the past year has been  
in the Minnesota General Hospital.  
Dr. Lockhart is a son of Prof.  
and Mrs. W. E. Lockhart and an  
ex-student of W. T.

Pies Harper of Tucson, Ariz.,  
arrived Tuesday to visit for several  
weeks at the home of Miss Mary  
E. Hudspeth. He was accompanied  
by Miss Hazel Allen of Berkeley,  
Calif., who is visiting at the home  
of her father, L. G. Allen.

### YIELDS MAKE BETTER THAN FIRST THOUGHT

Bill Sims Gets Largest  
Yield of 50 Bushels on  
20 Acres in the Jewell  
Community

END NEXT WEEK

Fine Harvest Weather  
Prevails — Price Holds  
Near \$1 Mark Thruout  
the Harvest

Wheat harvest is in full blast  
all over Randall county. Most of  
the cutting will be completed next  
week if the weather continues  
favorable.

Startling reports are coming  
from over the west section of the  
county where the good wheat belt  
extended this year, covering ap-  
proximately a fourth of the coun-  
ty. Yields have run as high as  
50 bushels per acre on small fields  
where local showers hit during the  
spring. Many farmers are report-  
ing from 18 to 25 bushels to the  
acre.

The yield is running uniformly  
higher than was expected before  
the combines started.

Bill Sims of the Jewell commu-  
nity seems to have set the record  
for the Plains when he harvested  
1,000 bushels on 20 acres of his  
choice wheat. He is reported to  
have about 800 acres and hopes to  
have about 25,000 bushels of wheat.  
He has delivered 20,000 bushels to  
the elevator.

Floyd Tomlinson, living on the  
old Coker place, has 2,000 acres,  
which is reported to be running  
better than 10 bushels.

Ed Rapstein has 1,100 acres  
which is running close to 20  
bushels.

G. J. Bond and L. A. Wells fin-  
ished cutting Tuesday, making 19.8

### Children's Books Are Placed on Pub- lic Library Shelves

Thirty-nine new books for chil-  
dren were added to the Randall  
County Public Library this week,  
and another shipment of about  
the same number will arrive in  
a few days.

The books were selected by Miss  
Edith Shields from the approved  
list of children's books. Children  
reading these books will receive  
credit in their school work, and  
none of the books which were or-  
dered are found on the shelves of  
the Canyon schools libraries.

Practically all of the books to  
be ordered this quarter will be for  
the children, since few books for  
them have been bought during the  
past year, and so many are using  
the library during the summer  
months.

### Delegates To The A&M Short Course To Leave Saturday

Ten women and one 4-H Club  
girl from Randall county will leave  
Saturday morning for College Sta-  
tion to attend the 27th Annual  
Short Course of the A. & M. Col-  
lege to be held all next week. The  
general theme for this year is  
"Know Texas." Miss Allie Dozier  
left today and will visit at her  
home in Forney before going on to  
attend the meetings.

The women from Canyon and  
Amarillo will make the trip in a  
chartered bus.

### MR. AND MRS. RALPH CABE HAVE TWIN GIRLS

Twin baby girls, named Rae  
June and Shirley Jo, were born to  
Mr. and Mrs. Ralph Cabe, Satur-  
day at 10:30 p. m., but only one of  
the infants lived.

Funeral services were held at the  
Griggs-Thompson Funeral Home  
at 2 o'clock Sunday for little Shir-  
ley Jo, who was born dead.

The mother and little Rae June  
are doing as well as could be ex-  
pected.

## The Canyon News

CLYDE W. WARWICK  
Owner and Publisher

SUBSCRIPTION \$1.50 PER YEAR

Entered at the postoffice at Canyon, Texas, as second class matter. Published weekly at office, 1513 Fourth Avenue, Canyon, Texas.

JULY TWENTY-FIFTH

Candidates have complained that the voters are not taking much interest in the campaign this year. Many candidates have tried to stir up interest in the primary election on July 25th, but all in vain. It seems that the people are not taking their politics seriously this year.

The News has been requested to review the candidates for office and to express an opinion as to the candidates. This is gladly done for the benefit of those who may not have made up their minds as to the various candidates.

Senator Morris Sheppard has five opponents. Joe Eagle is the only one who seems to be making much of a campaign. He is a rather obscure congressman, and has not figured in any of the important measures in congress. The other opponents of Senator Sheppard are unknown, except in their local districts. Senator Sheppard has stood by the national administration. He will be re-elected, and should be chosen in the first primary over the entire field.

Governor Allred is being opposed by four men, all of whom seek to prejudice the people upon the old age pension. Each one is advocating giving a pension to every person 65 years of age and over, and all have mythical plans of getting the money out of the thin air. They have either not read the constitutional amendment which was voted upon by the people, or cannot understand the English language. They refuse to read the law of congress which states so clearly that the federal portion of the pension goes only to those who are needy. F. W. Fischer started his campaign early and has been most active. From general appearances, he seems to have the edge on the other candidates who oppose Governor Allred. Poor old Tom Hunter is running the same vacillating race which cost him the nomination two years ago. He is like a flea, never in the same spot. Roy Sanderford is the god child of Jim Ferguson, but forgets that Ferguson has never been able to deliver the so-called Ferguson following to any other candidate. Pierce Brooks is unknown, and seems to be running for the exercise. Governor Allred should defeat all of these opponents in the first primary; this is entirely possible, but not probable.

Ernest O. Thompson is charged with being the entire Railroad Commission and this is the greatest compliment that could be paid him. Being the "in," he bears all of the criticism of the four opponents seeking to oust him. The Houston newspapers are supporting Thompson, regardless of the fact that both Rieger and Johnson are from that town. Johnson made the race two years ago, and hopes that the advertising he then received will help him some. Morris of Dallas is another unknown. Carl C. Hardin was formerly a state senator and a good fellow, but why trade off a real Commissioner for an unknown quantity? The people of the Panhandle will stay with Colonel Thompson and it is possible that he could be renominated in the first primary.

For Comptroller we shall support George H. Sheppard. He is an honest, capable and qualified man. Covington is unknown. Sam Houston Terrell believes he can fool the people with the magic name he bears. Just six years ago Terrell resigned from this office while the House of Representatives was investigating his record as Comptroller, and would no doubt voted impeachment proceedings had he not resigned. Do the people of Texas want to vote for a man whose official record is so blemished as to invite impeachment?

John W. Hawkins is now assistant Commissioner of the General Land Office. The present commissioner is retiring. So far as we know the record of Hawkins is clear, and he is recommended as being efficient. The office is very important, as little as the people know about it, and a qualified man should be elected. McDonald is making a rather extensive campaign, and makes the usual tirade against his opponent for being an office holder.

We shall support Charley Lockhart for re-election for State Treasurer. This is very much a clerical job and Lockhart has been efficient in the performance of his duties. Harry Hopkins no doubt is hoping that the people will mistake him for the head of WPA in Washington; while Adair is an unknown quantity.

No doubt the schools of Texas have prospered under the direction

# Borger Herald Seeks to Turn On the Heat

Marked copies of the Borger Herald of July 8th were distributed in Canyon, in which an editorial appears for the purpose of turning on the heat and closing the mouth of The Canyon News in its support of Clint Small. The editorial is an example of the characteristic campaign that has been conducted by Curtis Douglass and his followers.

This is the threat made:

## A Friend of Education

Curtis Douglass, attorney, is a candidate for state senator and every indication is that he will defeat the incumbent, Clint Small of Amarillo.

Educational institutions of Texas can be assured of fair treatment by Douglass, although some of his strongest opposition comes from the city in which he is located, the only state institution of higher learning in the 31st senatorial district.

Small supporters have lined up Clyde W. Warwick, editor of the Canyon News, as president of the Panhandle club, which is working for the re-election of the state senator.

The West Texas Teachers College, Canyon, probably gets the biggest appropriation from the state legislature of any institution in the 31st senatorial district. When Douglass goes to Austin, the first visitors to call on him will probably be President J. A. Hill of the college and representative of the Canyon Chamber of Commerce.

The Canyon crowd will be after Senator Douglass to get the biggest appropriation possible for the college. Our sole state college deserves adequate support, yet there will be the amusing incident of a city, probably next to Amarillo, in being the hot bed of opposition to the state senator.

But Douglass is a big man. He will vote for the best interests of education. If Douglass does not get 10 per cent of the votes in Randall county, you can be assured that he will go down the line in behalf of our lone state college.

However, if we were a resident of Canyon, we would go out of our way to be impartial or on the fence regarding candidates for the state legislature and the state senate. We would not like to be embarrassed by opposing the winner and then a few weeks later going after the "pork barrel."

Douglass received most of his higher education in two Texas state institutions. He knows the value of state institutions of higher learning, and West Texas State Teachers College will have a friend, regardless of how prejudiced some of the leaders of Canyon are concerning his candidacy.

The Canyon News does not claim to be the political Moses of Randall county. We have always presented the facts in political campaigns, and we have found that the people are usually intelligent enough to reach their own conclusions.

There is not a man in Randall county who has talked personally with so few citizens in any campaign as has the editor of this newspaper. We have never turned on the heat, and never attempted to lead the people up a blind alley.

The Canyon News does not pose to be the political mouth piece of the West Texas State Teachers College. By the law of the state those connected with this institution are restrained from taking part in political campaigns.

We certainly resent the argument made by the Douglass mouthpiece that higher education in Texas is a "pork barrel," and if Mr. Douglass seeks to go to the Senate with this in his mind, the friends of education all over the district had as well beware of their votes on July 25th. The Canyon News has stated time and again that at any time any institution in Texas, including the West Texas State Teachers College, should be found to be unworthy of its mission to

of L. A. Woods. Of course he is being charged with running a political machine, just as every other office holder is charged under the same general indictment. But he has produced results, and that is what the people of the state are interested in. He will be chosen by a large majority over Pat Bullock.

We are going to support our neighbor from Hale county for State Commissioner of Agriculture, Cliff Day. He is a real man, and has the confidence of the farmers. If the farmers of the state want to get their friend in office, they will vote for Cliff Day. The present Commissioner is J. E. McDonald, who was investigated by the House of Representatives in the last session of the legislature and was reprimanded for misconduct in office. He has the advantage of being in the office at the present time. George B. Terrell was formerly Commissioner, a state representative, and member of congress. Again the candidate is relying upon the magic name of "Terrell." We hope some day that the people of Texas will investigate the man bearing the name of Terrell instead of blindly voting for the name. Kal Segrist of Dallas is the other opponent, and will run fourth in the race.

Marvin Jones will likely carry every county in the district in his campaign for re-election to Congress. Residents of Hutchinson county state that his opponent, John R. Miller, will not even carry his home county. Marvin Jones has accomplished things in congress. Why trade him off for

the tax payers of Texas, that it should be closed forever. Is that clear?

The Borger Herald states that the people of Canyon should be silent in political campaigns. Why? Have the people of Canyon no political rights, simply because the state saw fit to select this town as the logical site of a great institution? Are the people of Canyon political outcasts because of the presence of an educational institution which is supposed to teach the youth of this land the principles of good government?

Why should not the people of Canyon hold in high regard Senator Small, and appreciate his work? Four years ago when the necessity of intrenchment was felt in the state, it was proposed to close a number of state educational institutions, and to cripple others. W. T. was slated to be one of those crippled. Senator Small fought the battle for the youth of the 31st district in defending the work in W. T. and convincing the legislature that the college was performing a notable service. Should the people of Randall county turn against Senator Small for defending this institution, which means so much not only to Canyon, but all of the 31st senatorial district? Please bear in mind, Borger Herald, that Canyon put up \$100,000 cash when W. T. was located here, and the people have given thousands of dollars since for its improvement. They intend to protect this investment so long as the institution functions as it should for the benefit of the people of Texas.

Fortunately all of the campaign workers for Mr. Douglass do not assume such a narrow attitude as does the Borger Herald. The editor of this paper has been on two programs with a very fine gentleman from Panhandle, and we have visited, discussing the various phases of the campaign. The man stated the other day: "You certainly would be an ingrate were you not for Clint Small. He has been your personal and political friend."

The Canyon News has taken the official records of the two men, placed them side by side; what each has accomplished, both in office and as citizens of the Panhandle, measured what each has stood for, in his private and his public life; what he has promised in this campaign.

Have not we the right to support the man we find to be superior, Borger Herald?

We are perfectly agreeable to allow you the same privilege, but we resent your veiled threat as to what you intend to do to us should the people of the district elect Mr. Douglass. Furthermore, we have listened to two talks by Mr. Douglass, and half a dozen more by his friends, and not in one single instance has one of them even mentioned his attitude on education. We take it that since Clint Small has been a good friend of the school children of this district and has voted for the schools and the support of the only educational institution in the district that from your viewpoint he is wrong. We find that you are convinced he is wrong about everything else.

When the people of Randall county support Clint Small they do it because they wish to repay a good, loyal friend for his efficient past services, and with the knowledge of his capacity to do things for them in the future.

some one who is running on dead issues?

The campaign of insinuation carried on by Curtis Douglass against Senator Clint Small is fast folding up, as the people contemplate the baseless charges which are being made. While howling "corporations," Douglass has failed to produce a single instance in which a vote of Small was influenced. This has been a smoke screen from the very start. On the other hand Douglass was so negligent when appointed by Governor Dan Moody as district attorney that Moody sent a ranger to investigate his record; called upon Attorney General Claude Pollard to start ouster proceedings against Douglass, but the people repudiated him in the primary by such a large majority that Douglass resigned. Compare the official record of Curtis Douglass with the official record of accomplishments of Clint Small, and the voter will have no difficulty in making up his mind as to the honesty and ability of the two men.

The voters of Randall county know the rest of the candidates, and have had a chance to study at first hand their ability.

The primary is only nine days off. During that time it is the sacred duty of the voters to carefully consider the qualifications of each and every candidate. The success of Democracy rests not upon the shoulders of the office holders, but upon the shoulders of the voters who select these office holders. If the voters are unwilling to support honest, conscientious, capable, hard working can-

repaid with nothing." Mr. Waggoner attempts to interpret this statement that Candidate Lemke would steal the bonds from the big banks of the nation and let the little banks keep their bonds. So far as The Canyon News is concerned it is as bad to steal from the biggest bank in New York as it is to steal from the bank in Claude. The big banks are owned by hundreds of people and have many thousands of depositors, while the bank in Claude is owned by a few people and probably has a thousand depositors. The Canyon News may not know much about the so-called money question, but we certainly know something about the meaning of the English language, and how to read the statement of the candidates. Furthermore, we are wondering just what these so-called reformers think they shall accomplish by putting out a fellow like Lemke. If Lemke carries any states, which is doubtful, it will be at the expense of Roosevelt administration. If Lemke should carry six doubtful states in the middle west, Landon will win. All the reform that has been accomplished so far on money and banking has come from the Democratic party. If the Republicans win, the so-called reformers have lost all hope

and the nation drifts back to the selfish, monopolistic doctrines of Wall Street. Will the people be fooled by the Union party and its band of unreasonable agitators? We shall see.

The Oklahoma primary of last week exposed the political mind of the Southwest. Blind Senator Gore, critic of the New Deal, will stay at home for the next six years, running fourth in the race. Two New Deal friends lead, Representative Josh Lee and Governor E. W. Marland. The Townsendite candidate, national vice president of this fantastic organization, ran third. Of course, Townsendsites will claim that Oklahoma is a new state and is not a fair testing ground, but since Lee, Marland and Gore were all pronounced opponents of this \$200-per plan, the showing was far from flattering.

## Big Rains Needed Nearly Everywhere to Save Drouth-Stricken Farm Crops

Faced by a drouth comparable to that of 1934, farmers in the north central states are combating another menace in the plague of grasshoppers. Pictured at upper right is a Dakota farmer, dragging his fields that he had hoped would be green with wheat. At left, a typical corn row in the Dakotas, Nebraska, Kansas, or Oklahoma, after the 'hoppers had passed on, leaving behind only skeleton stalks sticking up in white dust. At lower right is a pile of grasshoppers, killed by poison bran, one of the most effective weapons used against the pests.

UNLESS drenching rains bring badly needed moisture and cooler weather, and millions of grasshoppers and other pests are exterminated, farmers will suffer extremely heavy losses this year. "Nearly everywhere" in the United States, according to the federal weather bureau, rain is needed sorely if crops are to be saved.

This summer, rain has fallen in only scattered sections, and with little benefit. In most districts the rains came too late or were too light to save parched crops, or to kill the hordes of insects which stripped fields bare in parts of Oklahoma, Iowa, Kansas, Indiana, Illinois, Wisconsin, Kentucky, Arkansas, Mississippi, and west to the Rockies.

Only in the New England states and the extreme southeastern part of the country has there been sufficient moisture to bring about favorable conditions.

IN the Dakotas, thousands of farmers must work on WPA

projects to keep their families from starvation. Hundreds reported they were destitute and that there was no grain or pasture for their livestock. In many sections, farmers are selling scrawny cattle at great loss to keep the animals from starving.

One bright note was sounded when George O. Sanford, reclamation bureau chief, said that all western federal reclamation projects have stored enough water this year to help alleviate drouth conditions.

Distribution of this water has presented a real problem in many places, however, because of lack of irrigation ditches. In some sections farmers have found it necessary to haul water for 5 to 10 miles.

With temperatures ranging above 100 degrees generally over the Great Plains area, the weather bureau reports that general conditions there are worse than ever. Heat and lack of moisture has reduced many

once-fertile fields to powdered dust, according to the report, and any downpour except a slow, general soaking rain would merely "puddle up" the earth and do little toward reviving the soil.

NOW that the "dust bowl" has shifted to take in more northerly parts of the midwest, it is entirely possible that many farmers in those sections may be forced to migrate.

From several authoritative sources comes the statement that the seasons may be undergoing changes in the United States. Scientists also point out that food consumption is increasing every year, and that there is very real need for agricultural regions to provide greater supplies.

Southern farmers now are experiencing greater trouble with dry, eroded lands and dry season pests than ever before. Formerly fertile farms are being abandoned as they become marginal or submarginal.

## WILD WEST LIVES AGAIN

### Wild and Whoopee Days Enacted in Frontier Centennial

There probably is nothing new under the sun. Electricity existed long before Messrs. Volta, Edison, Marconi, et al, started to fuss with it. There have been wild west shows before . . . and successful ones. Before that of course there was the real wild west with an arena a million square miles in compass. Now comes a spectacle based on what has gone before but staged with such lavishness and consummate art that one might well believe the old west lives again in "The Last Frontier," one of the outstanding attractions of the Fort Worth Frontier Centennial.

When Billy Rose was engaged as director general of the Fort Worth Frontier, his first act was to set about organizing the biggest and most spectacular wild west exhibition of all time. Some advisors suggested that appeal of such a show passed with the demise of Buffalo Bill. To Rose the suggestion was no dice.

"As long as men live there is a certain glamour about the old days on the frontier that will never tarnish. Like the glimpse of a pretty woman the deeds of brave men always make folks buy tickets," declared the shrewd showman. "That's why I intend to deal as my top act . . . girls and horses."

A special set, 263 feet wide and 167 feet deep, representing the plains and foothills, will serve as the locale for such stirring events as attack on the stage, rescue by rangers, battle with U. S. troops, a prairie fire and concluding with an old fashioned square dance with 160 couples. More than 1,000 Indians, cavalrymen, cowboys and cowgirls, singers and dancers are engaged in "The Last Frontier." Direction of the dynamic spectacle is in the hands of Verne Elliott, foremost rodeo entrepreneur and protégé of Buffalo Bill, and Edward Clarke Lilley, well known New York drama producer.

Adam just imagined he was having hard luck. What did he know about first and second mortgages?

Any motorist who can whistle while changing a tire in the rain deserves to be called an optimist.

Martin Tags American Pennant on Yanks; Won't Take Flyer in National, but Says Pirates Will Be in There With Cubs and Cardinals

BY PHILIP MARTIN

AT the halfway mark of the American League flag chase, the New York Yankees are holding a very comfortable lead, and it will take a slump of major proportions to wipe out their margin over the rest of the field.

That slump doesn't seem likely to be forthcoming, for the Yank hurlers are beginning to function smoothly and efficiently, and the hitters are rattling out timely bingles at a merry rate.

What is equally important, there is a spirit of good fellowship and co-operation among the team members. It is unlikely that the Gothamites will be stopped in their pennant drive.

Detroit, crippled by the injury jinx, is roaring back. The loss of Hank Greenberg, slugging first sacker, and Mickey Cochrane, the club's peppery pilot, was a big blow, but under Del Baker the Bengals have snapped out of the dumps and should finish strong.

AFTER a fast getaway, the Cleveland Indians again have encountered the mysterious slump which for several seasons has plagued them at this stage. It becomes increasingly apparent with each passing year that the main trouble in the Indian wigwam in internal stagnation. There undoubtedly will be a big shakeup at the conclusion of this race unless the Tribe perks up. The club, as now constituted, simply has lost its will to win.

The Boston Red Sox haven't looked the part of a flag winner by any stretch of the imagination, in spite of all the dough poured out by Tom Yawkey. The Bay State boys won't make the pennant grade this semester.

The Washington Senators have done better than expected and have kept right in the thick of the fight for the runner-up position. If Bucky Harris only had a couple of good hurlers!

FIVE National League clubs are conducting a mad scramble for the bunting.

The way things now stack up, the Cards and the Cubs are likely to go into the final lap neck and neck—unless the Pirates, who are showing a world

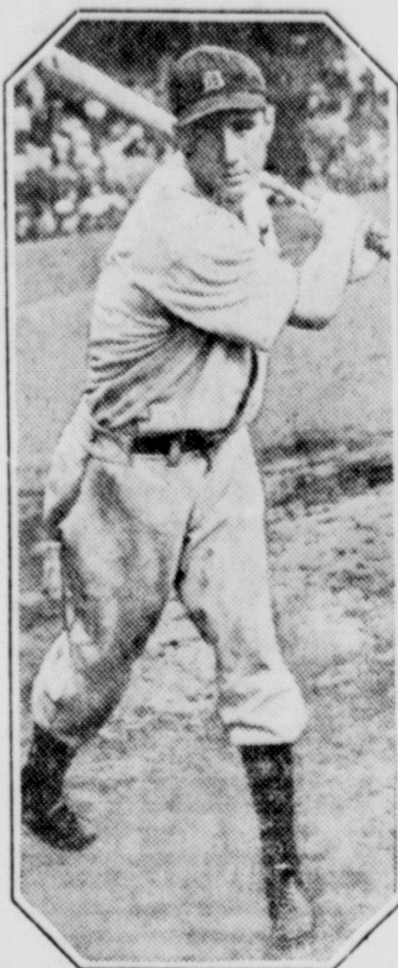

of power these days, nose them out.

The fine work of Gus Suhr and Wilber Brubaker, together with a midseason comeback of pitchers, has been the salvation of the Corsairs. Old Red Lucas recently turned in several consecutive wins for the Bucs, and Cy Blanton is recovering some of his '35 form.

Frankie Frisch's Gas House Gang is rolling serenely along behind the brilliant pitching of Dizzy Dean and the sensational hitting of Stu Martin, who this year is collaborating with Pepper Martin in busting up ball games.

The Chicago Cubs' main stock in trade is a well-rounded

The world champion Detroit Tigers are showing signs of a major comeback after suffering two big setbacks in the loss of Manager Cochrane, top left, and Hank Greenberg, above, fence-busting first sacker. Dizzy Dean, left, is throwing the spheroid past enough batters to keep the Cardinals around the top of the National League.

pitching staff and a telling punch at the plate.

The Giants and the Cincinnati Reds, crowding the leaders at present, probably will cool off somewhat, but they are good enough to beat out the remainder of the pack. On the basis of what they have shown to date, the Reds should finish the season in fourth position.

Coming events may change the complexion of the major league outlook for the rest of the year, but on the strength of what has gone before, our choice for the American League flag is New York. St. Louis, Chicago, and Pittsburgh have almost equal chances of bagging the National League title.

Those present were Miss Jennie C. Ritchie, Miss Helen Hickman, Miss Edna Graham, Miss Mary E. Hudspeth, Miss Edna Morgan, and the hostess.

### HINTS FROM CLUB CO-OPERATORS

Mrs. J. J. Wright, co-operator of the West Side Home Demonstration club, makes a practical suggestion to those who sew. "If the neck line of your dress seems a little large when you want a close fitting collar, or if the sleeve is a little large for the arms-eye, stitch around the neckline or the top of the sleeve with the machine," says Mrs. Wright. Especially in sheer materials the machine stitching draws the fullness enough to make a snug fit without gathers or puckers.

"I have already sold \$1.28 of cabbage from my garden," said Viola Bedenk, co-operator of the Umbarger 4-H club, "besides furnishing all that the family needs. I still have kraut that I canned last year, so I am selling the cabbage and buying things I could not grow in my garden."

Regina Hollenstein of the same club has canned 4 quarts of beans from her garden.

"When gelatin molds for individual salads or desserts are needed but are not available, use paper muffin molds," suggests Mrs. J. L. Buchanan, co-operator of the West Side Club. These are much cheaper and give a nice decoration, uniform in size and shape, and turn out nicely when barely dipped in hot water.

### MISS VERLINE FURLOW IS WED JULY 4

Verline Furlow, student in W. T. for the last three years, became the bride of Maurice L. Bewley with a simple ceremony performed at the home of the Rev. J. R. Hicks on July 4.

Mrs. Bewley was a Junior last year, and will complete her work during the next regular session. She is the daughter of Mr. and Mrs. T. S. Furlow of Canyon. She was graduated from Canyon High School with the class of 1933.

Mr. Bewley is the son of Mr. and Mrs. M. F. Bewley of Canyon. He is employed in Amarillo where the couple will make their home.

### CENTREVIEW CLUB HEARS REPORTS

The Centreview Home Demonstration club met in a called meeting Wednesday afternoon, July 8, at the home of Mrs. S. F. Sharpes.

Council and finance reports were given. Mrs. Harney Rogers reported \$6.20 from the sale of dressed fryers. Mrs. J. W. Wesley gave a report from the Short Course delegates' meeting. The club members voted to each donate one dollar to the club fund at the next regular meeting, in order to have funds to send club delegates to the Short Course.

Those present were Mesdames H. H. Sutton, E. W. Schaeffer, Serena Bryan, J. W. Wesley, E. E. Wesley, Harney Rogers, L. H. Barnard, Miss Othell Wesley and the hostess, Mrs. S. F. Sharpes.

The next regular meeting of the club will be July 17, in the home of Mrs. E. M. Wilson.

### MISS RICHARDSON GIVES DINNER HONORING GUEST

## 4500 GUESTS CAN DINE AND DANCE UNDER MILKY WAY

That Casa de Manana, the House of Tomorrow, is 100 light years ahead of anything else of its type in the world came from Billy Rose's own lips. He should know. He's seen 'em all at home and abroad. Besides Billy is director of the Fort Worth Frontier Centennial on whose spacious esplanade the gaudy, facade of Casa Manana fronts.

To begin with, it's the largest cafe-theatre in the world. As another staggering item, it contains the biggest revolving stage in the universe. Compared to its 130-foot diameter with Radio City Music Hall's 40-foot one and what do you get? Artist's Conception of What the Casa Manana Looks Like

The dizzying array of 600 arches in the building pattern suggests a general style copied from the land of the bullfighters. Dotting the huge tiered amphitheater will be tables, where 4,500 guests may dine. More secluded parties can be arranged for balcony tables. The brilliant blue and white contrast will, to say the least, knock your eyes out.

There inside as Paul Whiteman twitches his baton to extract rhythm from the orchestra, the stage will spin around on a mammoth pool to reveal an elaborate setting for the glamorous show guaranteed to quicken the pulse.

With modest pride there will be presented Texas' own fairest daughter, Faye Cotton of Borger, winner of 75-city "Texas Sweetheart Contest," glittering like a Hollywood premiere in a \$5,000 gold mesh gown. Other blossoms of

the Texas plains will hold their chins up among the Broadway show girls. Big-name stars of radio, stage and screen will have you rubbernecking. Shirley Temple, Dick Powell, Fannie Brice and Everett Marshall to name a few.

If you can come down to earth after the show there will be moonlight dancing designed especially to start a romance and patch up a quarrel each time around the floor. And here's where sweet revenge comes in for the females. There'll be a Prince Charming for every Cinderella.

If the boy friend winks at a beauteous chorine drifting past in a gondola, the jilted femme can pick a waltz partner from a stag line of 100 bona fide dukes, counts and princes.

To say it is colossal dwarfs its real magnitude.

### MRS. LEON LASSERS ENTERTAINS WITH COFFEE

Mrs. Leon Lassers entertained with a coffee at her home, Twenty-seventh and Fifth Avenue, Friday afternoon.

Guests were: Miss Jennie C. Ritchie, Miss Mary Moss Richardson, Miss Pauline Brigham, Miss Helen White Moore, Miss Helen Hickman, Miss Edna Graham, Dr. Hattie M. Anderson.

### CLOUGH-HUDSON RITES SPOKEN AT TULIA

Miss Mildred Drucilla Clough and Mr. Cleve Hudson were united in marriage Saturday evening, July 11, by Justice of the Peace Garner of Tulia.

Mrs. Hudson is a member of the 1936 graduating class of Canyon High School.

Mr. Hudson is the son of Mr. and Mrs. C. R. Hudson of Amarillo and is employed at the Long's Furniture Store there, where they will make their home.

### DR. WILEY ENTERTAINS KANSAS VISITOR

Dr. Margaret Wiley, Miss Estelle Patterson and Miss Alleane Bromley entertained Tuesday evening at the home of Dr. Wiley in honor of Miss Gertrude Barber of Coffeyville, Kan.

Miss Barber is an honor graduate of W. T. and is the guest of Miss Mary Moss Richardson during her stay in Canyon.

### FAIRVIEW 4-H CLUB SERVES INFORMAL DINNER

The Fairview girls' 4-H Club met Wednesday, July 8 in an all-day meeting with Leona and Geraldine Sharpes. Miss Dozier and Mrs. Barnard were present, and helped cook and serve an informal dinner.

We had one visitor, Mary Zachary. Members present were Clydene Belle James, Lola Wesley, Evelyn and Myrtle Evans, Evelyn and Juanita Schaeffer, and Geraldine and Leona Sharpes.

It's always a good idea to find out what kind of advice a man wants before you give it.

### Sunny Hill News

Twenty-two youngsters were entertained at the teacherage Sunday afternoon when Miss Roberta Campbell gave a party in honor of Joardis Burnett's fourth birthday.

Games were played between the hours four to six, and refreshments of jello with whipped cream, cookies and cake were served to the following: Joardis and Bobby Tibb Burnett of Benjamin, Verna Lou Singleton of Amarillo, and June, Jack, Dick and Bettie Ratjen, Lyndall Jean Robinson, Lucille and Corky Ellis, Helen and Clinton Miller, Freda Dunbar, Joe Billy, Roy, Mary Edna, and Uel Wise, Donald Allen and George Wayne Schaeffer, and Jean, Curtis and Edward Lehnick.

Mr. and Mrs. H. M. Gerdes and daughter, Miss Helen Gerdes of Amarillo were guests in the Otto Lehnick home, Tuesday afternoon.

Mr. and Mrs. George Lash were visitors in the home of Mr. and Mrs. Tyson Hankins and Mrs. Nettie Humphrey, Sunday afternoon. Mr. and Mrs. J. A. McFarland spent Thursday with their daughter, Mrs. Lawrence Miller, and Mr. Miller of Dumas.

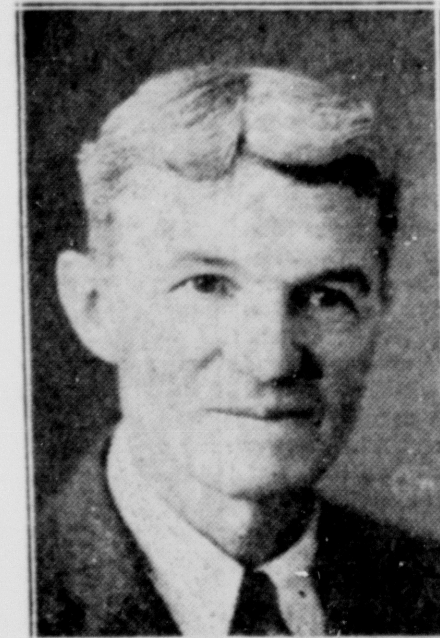

Miss Ruth Cross of Canyon and Mrs. Campbell of Silverton were guests at the teacherage, Sunday. Verna Lou Singleton of Amarillo is a guest of her cousin, Bobbie June Ratjen.

A father wrote to a country boy who had gone to work in a city bank: "I hope you acquit yourself well," and the boy replied, "I had nothing to do with it."

Burton of Clarendon.

### PARACHUTE JUMP SUNDAY

Johnny Holden of Fort Worth, noted parachute jumper and A. D. Hatch, pilot, will put on a free show near Canyon, Sunday. The site had not been selected for the event at publication time.

Mr. Holden jumps from the machine when it is a mile high and performs a 3,000 foot delayed jump; meaning that he falls 3,000 feet before opening his parachute.

No charges will be made or collections taken, and airplane rides may be taken for 50 cents.

The families of Ray Campbell and Hud Prichard returned Sunday from a two weeks fishing trip in Colorado.

Mrs. Wes Kleinschmidt and daughter are visiting relatives in Dallas.

### Sporty, Isn't it?

This natty outfit worn by Dolores Costello Barrymore includes a skirt of beige kasha, buttoned straight up the front, with buttons covered in the brown and white check which is used for her casual tuck-in blouse. Another piece of brown and white check ties about her head. A dark brown belt and shoes of beige and brown complete the costume.

### TO HOLD MEETING OF UNUSUAL INTEREST

"Wardrobe Achievement" was the topic for discussion when the West Side H. D. Club met with Mrs. J. E. Hunter on Friday afternoon, July 10. Tentative plans for encampment were discussed during the business meeting. Mrs. J. J. Wright gave a report of the last county council.

Strawberry ice cream with wafers was served to Mrs. E. N. Zachary, Mrs. W. C. Roberts, Mrs. J. L. Buchanan, Mrs. L. A. Donnell, Mrs. W. L. Avent, Mrs. Ed Bourn, Mrs. B. A. Burrus, Mrs. Joe Tuck, Mrs. Lena Tuck, Miss Kitty Burrus, Mrs. J. A. Smith, and two visitors, Miss Myrtis Wright, and Mrs. Clarence J. Bauer.

The club will meet Friday, July 17, with Mrs. C. L. Gordon-Cummings. As a diversion from the usual routine, Miss Jennie C. Ritchie of the College faculty has been invited to bring some things of interest to the club concerning Japan. A full attendance of the club members is requested, and Mrs. Gordon-Cummings extends an invitation to visitors who may be interested.

Miss Viola Boyce returned Friday from Hedrick, Okla., where she has been visiting for seven weeks with her cousins and other friends.

Mrs. Guy Harp and children are visiting in New Mexico.

### FAMILY REUNION SUNDAY AT H. W. CRAIN HOME

Members of the Crain-Berryman families gathered here at the home of Mr. and Mrs. H. W. Crain Sunday for a family reunion.

Honor guests were Dr. and Mrs. M. W. Crain of Nocona, Texas, and their daughter, Mrs. C. G. Gardner, and Mr. Gardner of Sentinel, Okla.

Throughout the afternoon, after a picnic dinner, reminiscing of other days was enjoyed.

The honorees left Monday for an extended tour of the West, including Arizona, Oregon and the Yellowstone Park. They will also visit in Fullerton, Calif., with their daughter, Mrs. Harold A. McCabe and her family; and in Long Beach with their son, Robert Crain, prominent lawyer of Longview, Texas, who with his family is vacationing there.

Family members present were Mr. and Mrs. A. M. Crain, Mr. and Mrs. W. M. Crain, Miss Marian Crain and Miss Carolyn Crain of Goodnight; Mr. and Mrs. Newton Crain of Canyon; Mr. and Mrs. J. M. Crain, and their son, Sam, of Amarillo; Mrs. Georgia Burrell and Miss Herloise Burrell of Clarendon; Mr. and Mrs. W. C. Breining and children, Clell, Berryman and Rebecca of Lefors, and the host and hostess.

Friends who called during the afternoon were Mrs. Bill Carroll of Clarendon, and Mr. and Mrs. A. W. Sternberg of Canyon.

### TEA FOR CLASS GIVEN THURSDAY AFTERNOON

The home of Miss Mary E. Hudspeth was the scene of a beautifully appointed tea given Thursday for members of the Sunday School Class of the Baptist Church named in her honor.

Cheese canapés with punch and ice box cookies were served. Sweet pea corsages were used as plate favors.

Those enjoying the affair were Mrs. J. Madison Daugherty, Mrs. Burney Slack, Mrs. Lee Johnson, Mrs. A. L. Walsh, Mrs. G. W. Johnson, Mrs. P. L. ### Olympic Theatre Has Wide Range Sound Equipment

"All of the better motion picture studios are turning out constantly higher standards of sound quality with the introduction of Western Electric Wide Range," Manager W. J. Wooten of the Olympic Theatre stated yesterday in announcing that his theatre had installed the Wide Range reproducing equipment.

"We see the evidence of it in the increasing number of fine musical pictures appearing on the screen," he stated. "Naturally, to give audiences the quality of reproduction in the theatre must equal the quality of recording at the studio."

Three elements contribute to the Western Electric Wide Range Sound System which has overcome technical obstacles in presenting to the theatres of the world the most lifelike talking picture sound to date.

One is an extension of the frequency range of sounds that can be recorded so that all can be synchronized at their natural level. The second is a corresponding development of volume range, and the third the reproduction of the extended frequency range and volume without distortion.

What has been accomplished by these developments is regarded as

a sound reproduction that is almost perfect in fidelity to the original.

Wide Range will be heard tonight at the Olympic Theatre where an installation of the most modern equipment has been made.

### 46 Students Left Yesterday on Tour Phillips Conducts

The annual National Parks Tour conducted by Frank R. Phillips left yesterday morning. 46 students of W. T. are making the trip, which will return to Canyon on Aug. 21 in time for the close of the summer session.

The national parks of Colorado, Wyoming, Utah, Arizona, and New Mexico are included in the tour.

Students will receive credit for the work done on the trip.

Mrs. Stella Murrell has returned to Canyon from Tennessee where she was at the bedside of her mother for eight months, who passed away last May. Mrs. Murrell will be in school the remainder of the summer and will resume her work in the Canyon Schools in September.

Mr. and Mrs. Alfred Bellah and children, Mr. and Mrs. J. M. Craig, and Mr. and Mrs. Jewell Ross of Seymour, left yesterday for New Mexico to spend a week's vacation.

Mrs. W. K. Clayton of Denver arrived today for a visit of several weeks at the parental K. A. Britt home, and at the home of her sister, Mrs. H. W. Hartman.

Mr. and Mrs. Ross of Eunice, N. M., and Mr. and Mrs. Sam Boatman of Borger visited Sunday in the home of Mrs. Ola Ridgeway.

## Postoffice Bids Are Not Called For This Week

No further word has been heard from Washington regarding the postoffice. The department notified Marvin Jones last week that the plans were completed, the specifications would be completed last week, and bids would be called for this week, to be opened by the middle of August.

It is likely that definite word will be received from Washington in a few days. Nothing has been given out as to the type of building that will be constructed in Canyon. Judging from contracts which have been let in other towns about the size of Canyon, it is judged that the office here will cost not less than \$50,000.

## Softball League Standing Remains Same as Last Week

The Ducks lost a game this week, while both the Road Runners and Buccaneers were winning to add to the percentage column. The Merchants lost two games to drop to fourth place.

The following is the standing of the League:

Some idea of Ketchell's altitude may be gained by comparison with Jackie Berg, English lightweight boxer shown standing on the second step.

## Ralph News

We appreciate the fine weather we're having for harvest. Farmers are all very busy; some are following the combine with a plow.

Don't forget, Sunday is church day. Rev. Stewart of Canyon will preach for us. Let's all try to be there on time for Sunday School at 10 o'clock, for some may want to go to the all day singing.

Mr. and Mrs. W. A. Cates and son, and Mrs. David Horn, made a business trip to Amarillo Wednesday.

Quite a bit of wheat is being hauled to the elevator.

Ernest Hodge of Shallowater visited Monday in the W. A. Cates home.

Mr. and Mrs. David Horn spent the week end in the parental J. W. Horn home of Canyon.

Boyce Springer of Espanola, N. M., is spending this week in the parental B. D. Springer home.

Little Teddie Howell spent Wednesday with her grandmother, Mrs. B. D. Springer.

Mr. and Mrs. Robinett and Mr. and Mrs. Sid Guest and son, of Happy were supper guests in the B. D. Springer home Friday night.

## CANDIDATES RALLY

Mr. and Mrs. J. A. Brewer of Stamford and Miss Willie Mae Wilshire of Fort Worth spent the week end at the Lee Foster home.

## Will Speak Here Saturday After- noon For Small

Riley Strickland of Amarillo will speak in Canyon Saturday afternoon at 3:30 o'clock in the interest of the candidacy for re-election of Senator Clint C. Small.

Senator Small has written The News that he hopes to visit here the first of next week, but no definite time has been fixed owing to the many calls that are being made upon his time.

## Fireworks Started As Windmill Con- tacts High Line

While raising a steel windmill Monday at the F. M. Faulkner home, the steel came in contact with a high line, and the fireworks started. B. A. Witherspoon was doing the work.

The fire department was called out, and an emergency crew put on by the Texas Utilities Company.

It was extremely fortunate that no one was injured by the accident.

## Black Lantern To Be Scene of Rally Next Tuesday Nite

Residents of the north part of Randall county are invited to the Black Lantern next Tuesday night at 8:30 o'clock where a political rally of Randall county candidates will be staged.

C. E. Renfro will provide lights and a platform, as he has done in years past. It is likely that sound equipment will be provided by the candidates in order that their messages may be heard.

## Canyon Defeats Golf Team From Hereford Sunday Afternoon

Sixteen members of the Hereford golf team visited the Canyon club Sunday afternoon. The Canyon team won 26 1/2 to 21 1/2, making the second time the Canyon team has won this season.

B. Posey, high school junior from Hereford, posted the low score, shooting 69.

## Members of Art Colony To Exhibit Work In Museum

The Palo Duro Art Club will exhibit a collection of the work that has been done by the members of the Art Colony during the past six weeks in the Mary E. Hudspeth Gallery in the Panhandle-Plains Historical Society Museum. This exhibit will be hung near the middle of August.

Each member of the Colony submitted three of their best works to a jury comprised of Miss Miltia Hill, Mrs. Amy Jackson, Miss Isabel Robinson, A. W. Mack, and Harold Bugbee. The jury selected the superior work of the three and these will make up the exhibition.

Mr. and Mrs. Wm. Anderson left Saturday for St. Paul, Minn., on a two weeks vacation trip. Mr. Anderson is superintendent of the Palo Duro State Park.

Mr. and Mrs. Frank Stafford of Palacios spent Thursday here visiting with friends.

## Paleontologists From College Work Bone-Beds

Three of the college paleontologists, Harry Hartzog, Don Savage, and George Counts, returned from Hemphill County Thursday where they have been removing fossilized remains of rhinoceros, camel, and horse. Harry Hartzog was in charge of this project.

Recently, the same group was located on R. P. Smith's place at Mt. Blanco near Floydada. They uncovered remains of mastodons, horses, and camels at this location. Don Savage was in charge of this project.

The Donley County group of bone-diggers was recently brought to bone-beds near Canyon in a branch of the Palo Duro Canyon. Prof. C. S. Johnston reports that they have been collecting a large amount of very fine material. Among the specimens found are two or three varieties of horse, mastodon, camel, lion, dog, and peccary.

For varied specimens, this field will soon be exhausted, says Mr. Johnston.

## Luker Declares 50 Million Acres of Land Eroded

Fifty million acres of land in the United States have been totally destroyed by erosion forces, according to C. Luker, of the Soil Conservation Service in Amarillo. In his address to students here Wednesday. One hundred twenty-five million acres are seriously damaged and one hundred fifty million acres are slightly damaged.

Sounding the crisis, Mr. Luker explained the five-point program being carried out by the Soil Conservation Service. Proper utilization of erosion resistance crop residues that occur on the land, moisture conservation and vegetative cover, planting of emergency cover crops, and wind-break tree planting (unrelated to the 1000 mile tree belt), and emergency tillage methods make up the program of the Service. Contouring and terracing were explained by the speaker.

"I think dust storms can be controlled somewhat in numbers, but they can never be completely eliminated on the great plains," was the opinion of Mr. Luker.

## W. T. High School To Have Football Squad Next Year

According to Coach L. T. Barksdale, the W. T. High School will have a full football schedule next fall and practice will begin a week before the opening of school in September.

Although a regular schedule was not arranged last year, several of the boys, in daily practice, showed promise of developing into capable ball players. Coach Baggett will furnish some outstanding football player from his squad of Buffaloes to aid Mr. Barksdale in his coaching duties.

Approximately 35 boys will report and be ready to go at the opening gun. The team will be built around four players, Butler and Sogge, backs, and Patterson and Whitman, linemen. Several others have illustrated that they will be in there fighting for positions.

The 1936 football schedule: Sept. 25, Groom at Groom. Oct. 25, Floydada at Floydada. Oct. 16, Tulia at Tulia. Nov. 20, Happy at Happy. Nov. 27, Dalhart at Dalhart. Tentative games are with Littlefield, Lubbock Cowhands, Amarillo Yarnigans, and Pampa Gorillas.

## First Six Weeks Students Live In Eight States

The one thousand two hundred fifty summer students at West Texas State, claim permanent residence in eight states besides Texas, and in one hundred of the counties in Texas.

New Mexico students are the most numerous of the out-of-state group, there being thirty-two people from that state. Nineteen Oklahomans rank second. Colorado, Missouri, Arkansas, Arizona, Illinois, and Kansas also are represented.

Other than Randall and Potter Counties, Hall County leads the Texas group with forty-five people enrolled at Canyon College. Wheeler County is second with thirty-nine. Collingsworth and Donley Counties tie with thirty-five. All counties except seven of those lying north of the Texas and Pacific Railroad between Port Worth and Odessa are represented in the student body. Far away Willacy, Cass, Smith, Limestone, and Atascosa Counties have sent students. The cooler weather of the high plains seems to have attracted many of the South Texas students.

Work leading to the Bachelor of Business Administration and to the Master of Arts degrees is now offered in addition to the regular Bachelor of Science and Bachelor of Arts degrees at Canyon. Enrollment for the second six-weeks summer term began this morning.

W. H. Upchurch and daughter, Miss Louise, of Albuquerque, returned Sunday from a fishing trip in Colorado. She has returned to her work in New Mexico after visiting for a few days at home.

## BILIOUS

Condition Needs Double  
Action Treatment

Stimulation of liver bile flow is not enough for complete relief, but combined with intestinal stimulation that relieves temporary constipation, quick, soothing results are certain. Herbine, a combination of herbs, combines BOTH actions and so those dizzy, headachy, indigestions, gas, rundown feelings get relieved when both liver and bowels return to normal action. Get your bottle of Herbine from druggists.

### FOR STATE SENATOR

*Senator Small, the only man from the Panhandle ever to run for Governor of Texas, has a record for service in the Senate which warrants the support of every citizen of Randall County.*

*He has been a friend of the laboring man, and the labor leaders of the State have endorsed his fair attitude.*

*He voted for the train length bill; the full crew bill; and strengthening of the eight-hour law.*

*He voted for adoption of the child labor amendment to the federal constitution.*

*He was the ONLY man in the Legislature at its last session to provide a tax measure which would have provided sufficient funds for immediate payment of the old-age assistance. He passed his omnibus tax bill, hiking the tax on natural resources, corporations and insurance companies from 25 to 35 per cent, through the Senate, but it was permitted to die in the House.*

*The 48-year-old Senator, who has spent 43 years in the Panhandle, says the State is duty-bound to care for*

*its physically disabled persons, its blind and its tuberculosis patients.*

*Agriculture has profited by his tenure at Austin in that he has passed the Wind Erosion Act; the gasoline tax refund law, returning the four-cent levy to farmers; the law which allocates the tax to schools, highways and county road bond indebtedness; and the famous river-bed bill securing title to millions of dollars worth of property along the regions' "navigable" streams.*

*He has been a staunch supporter of education, a champion of the little fellow's rights, and he honestly believes he can still further serve the people of this district.*

*The people of Randall County owe him a vote of gratitude for the way he has stood by the West Texas State Teachers College when there was an organized effort made to seriously cripple this useful institution.*

*Vote for YOUR FRIEND on July 25. Return Senator Small to the State Senate where he may continue to serve you as he has faithfully performed his duties in the past.*

## Battle Lines Drawn in Steel Industry-Labor Clash

Possibly the greatest capital-labor controversy in history loomed as John L. Lewis, left, president of the United Mine Workers of America, declared for a "relentless but peaceful" campaign to unionize America's vast steel, textile, lumber, rubber, and automobile industries. One of the foremost figures on the side of the steel corporations is Eugene Grace, center, president of the American Iron and Steel Institute. As the zero hour of labor's battle against the open shop neared, William Green, right, president of the American Federation of Labor, sought to conciliate warring industrial and craft unionists within the labor camp. Top photo shows one of the nation's great steel mills.

## Battle Lines Drawn in Steel Industry-Labor Clash

Possibly the greatest capital-labor controversy in history loomed as John L. Lewis, left, president of the United Mine Workers of America, declared for a "relentless but peaceful" campaign to unionize America's vast steel, textile, lumber, rubber, and automobile industries. One of the foremost figures on the side of the steel corporations is Eugene Grace, center, president of the American Iron and Steel Institute. As the zero hour of labor's battle against the open shop neared, William Green, right, president of the American Federation of Labor, sought to conciliate warring industrial and craft unionists within the labor camp. Top photo shows one of the nation's great steel mills.

Mr. and Mrs. Lloyd Pritchard, Mrs. H. H. Sutton and family and Artie Brawner were dinner guests in the Belle Washburn home Sunday.

Mr. and Mrs. G. E. Wesley visited in the Austin Glenn home Sunday afternoon.

Leroy Saul, who is working for Buddie Sutton, spent the week end in Plainview.

The Centerville H. D. Club had a business meeting at Mrs. S. F. Sharpes' Wednesday. Regular meeting will be at Mrs. E. M. Wilson's Friday, July 17. All club members are urged to be present.

Don't forget the Singing Convention, Sunday.

## Wayside Items

Mr. and Mrs. Bill Schreier and little daughter, Edna Joyce, of Olton, are visiting in the Charles Schreier home and helping with the wheat harvest.

W. R. Franklin, wife and son Glenn, attended services at the Assembly Church in Canyon Sunday and took dinner with his mother, Mrs. E. A. Franklin and his brother, H. R. Franklin and family.

Rev. Odum filled his regular appointment Sunday morning and had singing and services in the afternoon instead of at night.

Altus Modisette is not able to work yet. He is visiting in the home of his uncle, W. J. Sluder.

Wyatt Heisler and family are sporting a new car.

Wanda Haral celebrated her 12th birthday with a dinner Sunday. Those attending were Novlene Byrd of Clovis, N. M., Nellie Graham of Tucumcari, N. M., Gwen Byers, Frances Yerby, Edith Gillham, and Neva Moore.

## Highland News

A good rain was received Saturday evening but by Monday noon combines were busy cutting the grain. A number of combines were running last week but most of the wheat was still a little too green. The wheat is turning out better than expected.

Mr. and Mrs. R. H. Fuqua of Phoenix, Ariz., are expected this week to see about their wheat crop. O. J. Brown went to his mother's bedside again last week. After she began to improve, he returned again to his home here.

Vernie Sharp has been working for Mr. Sprowel the past three weeks.

CANDIDATE

for

County

Commissioner

Precinct No. 1

Once again I wish to announce through the canyon News that I am a candidate for the Democratic nomination for County Commissioner of Precinct No. One, and assure you that I will appreciate your support for this nomination.

A few of my friends have criticized me some for not making a more intensive campaign, but you may remember that in my original announcement I promised not to worry the voters with a personal solicitation, and up to the present time I think I have made good on this promise.

EFFICIENCY is my only platform, and I ask that you vote for or against me on this issue, rather than as a personal matter, and I assure you that I will exhaust every effort to make good.

I wish to express my thanks and appreciation to my opponents and their friends for the courtesy shown me in connection with this nomination, and to assure you that should I be defeated by either of them, that they will have my whole-hearted cooperation in all matters pertaining to this office, and to the welfare of the citizens of Randall County, and have every reason to believe that I will receive the same co-operation from them.

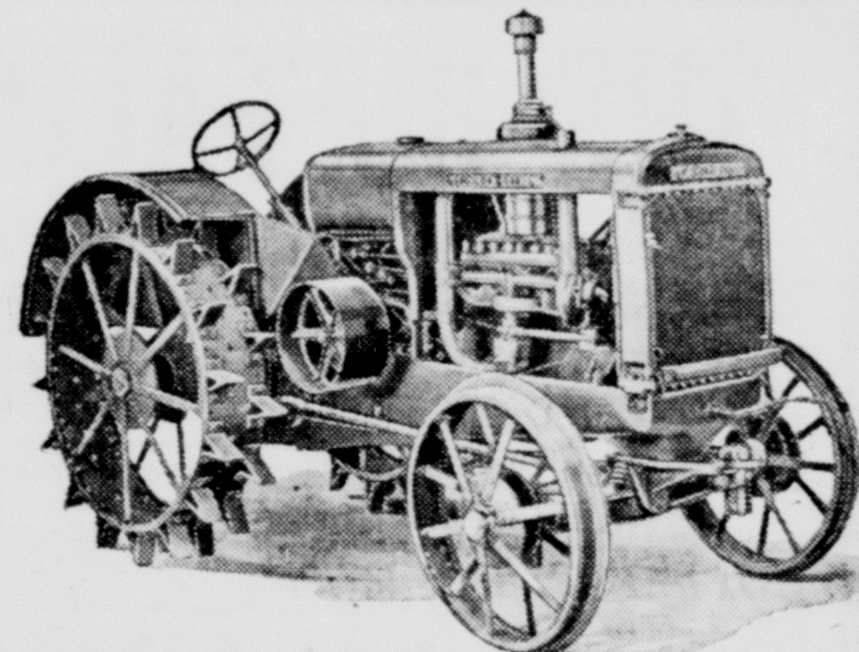

Think while you vote,  
Vote while you think.  
If you think right  
You will vote right,  
And there will be no waste of ink

Sincerely,

J. W. McCREREY.

## McCORMICK-DEERING WK-40

—International Harvester's New 6-Cylinder, 4-Plow Tractor—Designed to Operate on Gasoline, Kerosene, or No. 1 Furnace Distillate.

The new Model WK-40 fits in toward the top in the modern McCormick-Deering line of 12 farm tractors, supplying smooth, 6-cylinder power for the operation of 4-furrow plows and other large farm tools. It offers an unusual combination of flexibility, ease of handling, efficient operation, and long life. It operates successfully on low-priced fuels, such as kerosene and No. 1 furnace distillate. In its design use has been made of new-type oil seals and efficient air cleaner, oil filter, and fuel strainer to guard against grit, dust, and water.

We invite our customers to visit our store and inspect this new tractor. You will find many interesting features of design in this latest product of International Harvester engineering and manufacture.

Thompson's campaign in this section.

"This is an event for the entire Panhandle. We are holding it here because Amarillo is centrally located and accessible to the people from all sections of the Plains country."

"Ernest is a home-town boy who has made good in a big way and who has done much for the Panhandle as well as for the rest of the state. He is the first state official from the Panhandle to be up for 're-election' since I can remember. I say re-election, because he is one of the few men in history chosen from the Panhandle to a state office and his first term as a member of the Texas Railroad Commission has been marked by such unusual efficiency and statesmanship that the Texas commission is now looked upon by the nation as the leader in this field. This condition was not by accident but because of the work and leadership furnished by Ernest Thompson. It is to recognize this leadership and to impress the rest of the state with Ernest Thompson's popularity in the Panhandle that the rally is being arranged."

Colonel Thompson will bring his campaign to a close with the all-

bushels to the acre. Wilford Taylor reported yesterday that he hoped to finish cutting this week, and the average would run 12 to 15 bushels. Mr. Taylor states that wheat in the Umbarger territory is running from 4 to 22 bushels.

Pine cars had been shipped from Canyon yesterday, with more loaded ready to go. Umbarger had shipped 18 cars, and it was believed that 100 car loads would be shipped before the middle of next week. Ralph had shipped 12 cars. It is likely that about 30 car loads will be shipped from Canyon this season.

The wheat in this section is not as good as it is in the western part of the county. J. C. McClendon was making 16 bushels per acre, and W. T. Oliver was averaging 12 bushels.

J. J. Bauer stated yesterday that wheat in his section was running from 3 to 10 bushels. His son, Clarence, had 20 acres which averaged 10 bushels.

W. W. Kuehn states that the rains missed his section of the county and that the yield in the southeast section was running only 3 to 5 bushels.

Emil Schaeffer was in town yesterday and states that his section is in the short wheat belt of the county. J. W. Byrd of his community had 70 acres which made 25 bushels, and the balance of his crop is making about 12 bushels. Mr. Schaeffer states that he will not cut until next week.

The price range has fluctuated considerably this week. \$1.04 was the highest paid locally, but during this week dropped considerably. 96 cents was the prevailing price yesterday.

The rain of Saturday evening did no damage, but seemed to ripen the grain rapidly. The rain amounted to .55 of an inch in Canyon, but the east section of the county received practically no rain.

Miss Irene Shackelford had her tonsils removed Monday.

# J. D. Hazlewood

FOR

## COUNTY ATTORNEY

He has resided in Randall County 16 years.

He graduated from your public schools, and the West Texas State Teachers College.

He acquired his legal education by working his way through the law school of the University of Texas. After having spent 5 years preparing himself for the law practice, he began his professional practice by locating in his home town of Canyon.

He does not believe in the abuse of the fee system to the end of personal gain.

He believes in sympathetically aiding and assisting the occasional juvenile offender, believing that such a policy will more quickly bring about reformation.

He is well qualified, honest and energetic.

His opponent is now serving his THIRD TERM, and is seeking a FOURTH TERM. The people of Randall County have been kind and generous, and have thus created the opportunity for him to get a good start in his profession, and he has materially profited as a result of this opportunity.

Mr. Hazlewood is also ambitious and deserving. Give to him the same opportunity to get a fair start in his profession as has already been accorded to his opponent, by electing Mr. Hazlewood to the office of County Attorney.

## What Wide Range Is and What It Does

THE Western Electric Sound System is the sound system that first made talking pictures a commercial reality in 1926. Practically all leading motion picture producers record by it. Ten thousand theatres reproduce by it.

Wide range is the latest refinement of the Western Electric Sound System. By extending the frequency range of sounds that can be recorded and reproduced it makes it possible to record and reproduce—for the first time in talking pictures—practically all sounds that the ear can hear.

At the same time it has eliminated distortion, assured expression for individual voices and instruments previously suppressed and provided a sweeping emotional volume and clarity previously unknown. But the proof lies in your own satisfaction. Come and hear the most modern Wide Range Sound now performing at the—
